SONOMA VINTAGE EAGERLY BOUGHT

Last Hours Prior to "Dry" Era Filled With Activity. Consumers Stock Up and Producers Are Reaping Harvest.

The last hours prior to bone dry days are feverish ones in the vicinity of the big wineries of Sonoma Valley, for the family trade suddenly, awoke to the fact that they must stock up while the stocking is good. As a result our wine men are doing a land office business, particularly with the smaller orders for household use. A long time back the big wine buyers of the East foresaw the demand there and everywhere and sent in immense orders at wonderfully fine prices to Sonoma Valley producers. All last season big wine shipments went forward every day and carload after carload was shipped to Chicago, New York, Pittsburgh and foreign points.

Some of our prominent wine men made up for lean years—years that they kept wine mellowing to satisfy their connoisseur's taste and refused to sell it until it had attained an age and quality nothing short of perfect. The circumstance of prohibition's coming and an unprecedented demand on account of the war and shortage in foreign lands, brought prices up to a point where they were compensated for the art and science which went into these rare wines. These men and other producers who went in more for quantity than quality have been reaping the reward of their years of toil, experimentation and enterprise in the grape and wine business. For the past 18 months such big producers as the Rhine Farm, Sam Sebastiani, Joe Sorini, L. Kunde and Pagani & Son, have had a hard time keeping up with the big orders received from everywhere. It was hard however for the smaller consumer to realize and force what the big buyers have grasped for some time and so the eager buyer from this class of trade, is crowding itself into the hours just before the iconoclasts sacrilegious work is to be done. "If this could keep up" one dealer is quoted as saying "we could retire in no time." The big casks are being drawn off from dawn to dusk in all of our leading cellars and some wonderful vintage is revealing itself to those who hitherto have been in ignorance of some of the rare libations which were hidden in the cool dark depths of Sonoma cellars. A pioneer wine maker of the Glen Ellen district has a cask of wine made by his father 50 years ago and one of our eastern foot juice producers has vintage from Mission grapes older than that. There is also rare Johannesburg, mellow and gold and Cabernet whose reddish brown tinge and wonderful flavor rival the old world's best. Fine wine has been selling around \$1.00 per gallon for the past two weeks and at one winery excellent table wine was found for 75c per gallon, including the war tax. In the past three months more wine has been sold than in three years put together.

Nearer and nearer however comes the spectre of prohibition and so with Omar Khayyam the loyal children of Bacchus cry as they buy, "Oh! many a cup of this forbidden wine must drown the memory of that intolerance."

GRAMMAR SCHOOL GRADUATES

Fifteen Pupils Received Diplomas at Exercises Thursday Night.

The Sonoma Grammar school graduated a class of fifteen Thursday night at the Auditorium and the diplomas were conferred at appropriate and interesting exercises.

The highest scholarship in the class was attained by Ellis Simmons, whose average was over 91 per cent. The stage was a veritable flower shop as the popular young folks were deluged with flowers following the presentation of the program, which was as follows:

Selection, by orchestra; Recitation, "To a Waterfall" by Ida Quartaroli; Class History—by the class historian, Robt. Poppe; Song—"Till We Meet Again," girls of class, Marie Cook, Ida Quartaroli, Celia Regusci, Anita Camp; Recitation—"The India Rubber Tree" by Donald Prestwood; Historical Essay on John A. Sutter, Alton Downey; Selection by Orchestra; "Sonoma Grammar School's Past, Present and Future" Ellis Simmons; Remarks, Trustee Thomson; Presentation of Class and Diplomas; Farewell Song—Class; Orchestra.

The graduates all of whom expect to attend High School are: Ellis Simmons, Alton Downey, Donald Prestwood, Robt. Poppe, Milton Bernard, Tony Baracchi, Marie Cook, Anita Camp, Ida Quartaroli, Celia Regusci, Elmer Batchelor, Lonie Marioni, Gilbert Boyd, Armand Franquelin, Doriot Stockwell.

The class presented Mr. Prestwood with a handsome pair of cuff links.

SCHELLVILLE REALTY DEAL OF IMPORTANCE.

V. Lenci, who has been the owner of the old Goodman place at Schellville for some years past, has sold it to Ben Meyer of the Embarcadero Hotel for \$6000. Mr. Meyer plans to open a store and general merchandise establishment there and as the location is a good one, almost at the intersection of the Napa-Santa Rosa highways, much success is predicted for him.

Meyer's hotel has been the headquarters of duck hunters in season but most of the year the bar has been the chief source of revenue. With the coming of prohibition, Mr. Meyer planned on the purchase just made and his many friends all wish him luck in the new line of business.

BILL ASHE MEETS WITH ACCIDENT.

Bill Ashe who was a sergeant of the war and recently was discharged from the Remount station at Camp Fremont, suffered a bad accident while on a visit to Glen Ellen this week. He made a misstep off the porch of the Mervyn Hotel and in the fall broke his leg. Dr. W. B. Hays was summoned and set Bill's limb.

The patient who was removed to a San Francisco hospital, is doing as well as can be expected and the surgeons declare that the former smiling peace officer will with time and patience, be as lively as of yore.

WEDDINGS ARE SOLEMNIZED

Chauvet-Doyle Nuptials and Those of Miss Edna Holubar and Fred Helberg Unite Popular Couples.

St. Francis Church was the scene of a pretty early morning wedding last Sunday, when Rev. Father Byrne pronounced the solemn words which united the lives of Miss Adele Chauvet and Chas. Doyle.

The ceremony proceeded the 9 o'clock Mass for which the bridal party remained. After church, bride and groom accompanied by the matron of honor, Mrs. Henrietta Meller, the best man, Arsene Chauvet and other members of the family, drove to the pretty home of Mr. and Mrs. Henry Chauvet at Glen Ellen where an elaborate wedding breakfast was partaken of. Although only the immediate members of the family were present, the breakfast was a most festive one, the wedding cake being particularly handsome and the appointments of the flower decorated table very beautiful.

At 3 p. m. the bride becomingly attired in a blue tailor made suit and chic hat, bid her parents and friends goodbye and with the happy groom departed on the S. P. train for the wedding trip. They are to reside in Alameda where they will be at home to their friends at their pretty bungalow on Buena Vista Avenue.

The bride is the granddaughter of the late J. Chauvet, pioneer wine man of the Sonoma Valley, and daughter of Mr. and Mrs. Henry Chauvet, prominent residents of the Glen Ellen district. She is a stately girl with rich coloring and has won a host of friends through her vivacity and charm of manner.

Mr. Doyle achieved distinction in the Army, qualifying for a Lieutenant's commission while in the aviation department. He is a Lakeview boy and was raised by the well known Dowd family, who regard him as a son. Since leaving the service of the U. S. A., Mr. Doyle has resumed his fine position as an inspector at the Chevrolet factory in Berkeley.

Holubar-Helberg Wedding.

St. Paul's Episcopal Church in San Francisco was prettily decorated last Thursday for the wedding of Miss Edna Holubar, daughter of a well known family of the metropolis, who plighted her troth to Fred Helberg, son of Mr. and Mrs. F. Helberg of Schellville and lately returned from war duties with the Army of Occupation over seas. A sister of the bride, Miss Edith Holubar, was bridesmaid and G. Cochrane was best man.

Miss Holubar was daintily gowned in white satin and embroidered georgette and was indeed a lovely bride. Her hat was white and most becoming.

The bridesmaid's costume was pale pink georgette with hat in the same material and shade. Rev. Mr. Boyd officiated.

After the ceremony, a delicious wedding breakfast was served at the city residence of the bride's parents.

The bride is a charming girl, well known to many of Sonoma Valley residents as she often visited here. Her brother is a noted scenario writer and her sister-in-law, Dorothy Phillips, the talented actress.

Mr. Helberg is a young man of sterling qualities and is employed by the Wellman Peck Co., wholesale grocers of San Francisco. He saw active service in some of the great battles of the war.

Mr. and Mrs. Fred. Helberg Sr., Mrs. Wm. E. Helberg, Miss Margerite Helberg and Mr. and Mrs. Wm. Helberg motored down from here for the wedding.

THIS IS THE PICNIC SEASON AT OAK GROVE

The picnic last Sunday given by the Redmen and Daughters of Pocatontas was a most enjoyable affair and the beautiful grove was thronged with the lodge members and their friends. As is their custom the hospitable Order gave everyone a fine time.

To-morrow the Herman Sons from Petaluma will picnic at Oak Grove and Mr. and Mrs. Koerner are making preparations for a big crowd.

Mr. and Mrs. Wm. Von Hacht have been here on a visit from Val.

SEBASTIANI'S BIG IMPROVEMENTS

New Unit For Cannery and \$13,000 Residence Being Built.

Sam Sebastiani is making extensive improvements north east of town where his big property holdings are situated.

The Sebastiani Cannery has been a busy place for several weeks past, while workmen have been installing a new unit in the modern plant, thus doubling its capacity. Besides a new cooker and the rearrangement of conveyors and other machines for the convenience of the help, there has been many other fine improvements to expedite work and turn out the highest class products. A new 8 inch artesian well sunk on the property adjacent to the cannery, will be an improvement of great value to Mr. Sebastiani. He has also put in extensive cement work, curb, sidewalks and gutters. The new sewage system being installed by the city of Sonoma is almost complete and will be a much needed improvement for drainage.

Beans and tomatoes will be canned exclusively this season but by next year the Sebastiani cannery will handle all kinds of fruit and vegetables.

About half a block from the cannery on property he purchased last year Sebastiani is erecting the \$13,000 residence designed by L. M. Burton the Napa architect and already started by Contractor R. E. Murphy. There will be more than 10 rooms in the handsome home whose big north verandas and massive stone pillars, hard wood floors and finish will make it one of the finest residences in Sonoma County.

The honors of getting the largest number of new members went to Mrs. Susie Batchelor who was presented with a sterling silver pie knife. Mrs. Valeria Helberg Volquardsen was the recipient of many lovely presents, the Native Daughters custom of showering the brides in the Parlor being followed as in the past. To Mrs. Wm. FRANK TATE CROSSES DIVIDE

Pioneer of This Valley Dies In San Luis Obispo At the Age of Ninety Years.

Frank Tate, who in the early days settled in this valley taking up the south half of the section of the Cooper ranch, died at the age of 90 years. Mr. Tate had been in excellent health and retained all of his faculties up to the day of his death.

A few weeks ago his son, James Tate of this place, was summoned south by his father's illness but he rallied and the infirmities of age did not overcome him until Sunday last when he passed peacefully into the shadows of eternity.

Frank Tate was a rugged pioneer came from long lived stock, one brother born the same year as Queen Victoria, surviving him. Another brother died recently at the age of 106 years.

The Tate ranch between here and Petaluma, a fine piece of property, was the home of Frank Tate and family for many years. After Frank Tate's wife died some 20 years ago, the ranch was turned over to James Tate, a son, and the rest of the family went south to make their home. Only recently the ranch was sold by Mr. James Tate for \$50,000.

Deceased is survived by Wm. H. and Lee Tate of Oregon; Joseph K. Tate of Los Angeles; Misses Ruth and Anna Tate of San Luis Obispo and James Tate of Sonoma.

The funeral was held in Petaluma Wednesday, Rev. Bailey, the Presbyterian minister officiating. Cypress Hill near that city is the resting place of Sonoma Valley's pioneer father whose old friends one by one have preceded him to the Great Beyond. He was a sterling citizen, honorable in all his dealings and respected all his life.

Robert Harrison and the Dresel brothers motored to Ukiah for the ball game Sunday last.

LOCAL WOMAN DIVORCES JAPANESE

Mrs. Ethel Tensa "No Saves" Mongolian Hubby. Couple Resided in El Verano.

Mrs. Ethel Tensa who claims some years ago to have been a stenographer in the House of Commons, England and is an English woman of personality and literary taste, is suing her husband, Joseph Tensa, a Japanese, for divorce. She is said to have declared that she thought he was a Hindoo but he has proved to be a Hindoo. The couple have been residing on the Lewis tract near El Verano in the vicinity of the Peter Hansen place.

A dispatch from Santa Rosa says: "Marriage of a Mongolian and a white woman on the high seas, five miles from land, by the captain of a launch, does not constitute legal marriage, according to cross complaint and demurrer presented before Judge Seawell Monday morning in the divorce of Ethel Tensa against Joseph Tensa."

The cross complaint says the alleged marriage was performed June 25, 1918, in an effort to defeat the law forbidding whites marrying Mongolians, and declares that the couple immediately returned to their home in El Verano, where they resided until relations became strained.

The plaintiff in her complaint had charged the defendant with cruelty, non-support and adultery, and sought alimony of \$100 a month, charging that among other acts he had left her without support when she was ill. It was also the declaration of the plaintiff that the defendant is possessed of considerable wealth, and well able to support her.

Defendant admits a meretricious relationship with plaintiff for about two weeks after the alleged marriage ceremony, but particularly denies all other charges and denies any legal marriage took place, and requests the court to cancel all claims of the woman on him.

A New High School Building

A movement for a new High School was launched at the meeting of the alumni here last Saturday night at which almost a hundred graduates and their families endorsed the idea.

The need for a new building has been apparent for a long time and since the building and occupancy of the new Grammar school building, the necessity for a structure to house our higher grades in Sonoma Valley has been forced home upon everyone in the community. The present High School building is not only inconvenient, unsanitary and overcrowded, but it is inadequate in every respect, since it does not furnish the facilities for doing the work for which the teaching force is hired. If the Sonoma school district was enabled to see its way clear to provide the fine Grammar school which is now our boast and pride, it should be an easy matter for the Sonoma Valley Union High School districts to get together on a winning drive for a modern building. We are one and all proud of the splendid class just graduated from the High School and young Americans like this striving to qualify for high type of citizenship, can get no better lesson in community conscience, progress and proper interest than by enjoying the benefits which may be provided by broad visioned tax payers in the way of an up to date school, modernly equipped for the service the educators of our youth would render.

Only last Saturday, the president of the county Board of Education, paid high tribute to the scholarship of the graduates of Sonoma Grammar School saying that none in the county excelled the papers prepared by these young folks. With this kind of material for future citizenship awaiting entrance into our High School, and others coming in from other communities where adequate provision has been made, it seems that Sonoma Valley should awaken and get busy on the project at once.

Our present day eligibles have qualified for it and it will be a community asset and aid in competing for new families with children to educate, who may be relocating and seeking a desirable residence place and educational environment. Sonoma Valley must qualify.

Vote Tuesday for State Road Bonds

The importance of going to the polls in your precinct on Tuesday next and casting your ballot at the state bond election, is forcibly brought home to every voter in the following statement prepared by the Chamber of Commerce of Santa Rosa:

"California's already famous system of state roads will not be completed until the proposed forty million dollar bond issue is carried on July 1st, when all roads accommodating through travel will be built and all units now incomplete will be completed. Many counties, like our own, depend upon the state bond issue to complete their county system. Sonoma county especially, has her system built around the state roads, which include the completion of the roads from:

Healdsburg to the north county line, Santa Rosa-Sonoma-Schellville road, Napa county line to Schellville, Paving the Black Point cutoff.

Not alone these roads within our county line calling for an expenditure of over one million dollars, but connecting up with roads leading directly into Sonoma county is the Eureka-Cloverdale-Healdsburg road, the road from the mouth of the Navarro through Boonville to the state highway leading to Cloverdale, the Lakeport-Hopland road, the Tahoe to Ukiah road, connecting with the state highway at that point; bringing all travel from north Sacramento Valley and eastern tourists from Lincoln highway into Sonoma county, the Rio Vista-Fairfield road, connecting Sacramento Valley and San Joaquin Valley direct with our county and coast, and, the San Quentin-Alto road, giving additional ferry service to San Francisco.

The foregoing will show how vitally Sonoma county's development depends on the state bond issue passing, consequently Sonoma county may have a ready call on its share of this money, and early construction secured. The electors should give expression to their interest by a splendid vote. Let every voter go to the polls and see that all his friends do likewise.

Dan Lafferty has been appointed by the State Good Roads committee as chairman of the committee from this county, and is seeking the active cooperation of all chambers of commerce and civic bodies to secure a monster vote on the proposal to have this bond issue carried in Sonoma county by a vast majority. With a monster vote from this county, we can go to the State Highway Commission in getting the work started at once.

This movement has been endorsed by the Santa Rosa Chamber of Commerce, and this organization is forwarding this appeal on behalf of good roads to the good citizens of Imperial Sonoma county."

Tears that are "Wet"

The saloon's passing is not unwept nor unsung
Mourners there are of whole soul and one lung.

Of tears there will be a copious lake
And we bet Johnny Barley corn will have "some" wake.

He has friends though the hangman knocks at the door
And the raven Reform quoth "never more"

The saloon, on life's highway a sort of oasis,
With the quick sands of time is matching its paces.

Soon when you seek a package internal,
You are apt to mutter just like the colonel

"It's a long time between drinks
Though here some time back
There was a saloon in every other good shack."

In the new era will flourish
Full many a joint
On the Q. T. your vest they'll nicely anoint

But your motions must change
And your breath must defy

The inspection of those
Whom the habit dears

Let us hope the demand for water will grow
And flowers from thistles that we used to know.
But alack and alas its not all in the moisture
Nor was every bad man on the old grog shop royster.

So here's to John Barleycorn
And all of his bunch
We'll quaff him farewell
In this new knock-out punch.

DEATH OF A FORMER RESIDENT

He is survived by a wife Christine, Gies and a young lady daughter, Miss Hazel Gies of the S. F. school department and by Frances Gies.

All that was mortal of deceased was consigned to eternal rest Tuesday in the presence of many surviving relatives and friends. Mr. and Mrs. L. H. Green were among those who attended the funeral. Deceased was about 57 years of age.

Miss Noia of Concord, who was visiting Mr. and Mrs. L. Brubeck, returned home last Friday.

KEPT LOG OF WAR CRUISE

Leviathan's Chief Engineer Foley Tells of Submarine Attack. Describes Liverpool Upon Arrival In War Time.

March 8th, 1918. Onboard U. S. S. Leviathan at sea making passage to Europe with troops for the American Army, in France. Expect to pick up convoy of destroyers about midnight.

March 10th, 1918. Weather cold and stormy with a high sea running, wind from N. E. Course variable, speed 17 knots per hour. At 8 p. m. picked up our convoy consisting of six destroyers and proceeded on our course with destroyers stationed as follows, two ahead, two abeam, two astern, all zig-zagging at angles that covered every foot of sea for a distance of 1000 yards all around us, thus making it improbable for a submarine to get within striking distance of us.

On board Leviathan, weather mild but stormy with seas running high. Destroyers keeping the waters in our path clear of submarines. Two death occurred among the troops, one of a young Lieutenant and the other a private soldier. The bodies will be shipped to their homes for burial. Now that we are in the most dangerous part of the war zone all hands slept in their clothes with life belts on.

Tuesday, March 12, 1918. Attacked by a submarine at 8:45 off Holly Head, the torpedo going astern of us about 10 yds. Two of our destroyers quickly destroyed the submarine with depth charges. Arrived at Liverpool at 1 p. m. and moored alongside of the landing stage at pier-head. Crowds were there to meet and greet the boys of Uncle Sam. Troops did not disembark.

March 13th, aboard U. S. S. Leviathan at Liverpool. Got underway at 8 p. m. and steamed to the Gladstone dock. Troops landed and marched away.

At 5 p. m. shore leave was granted. Sometime after supper I went ashore for a stroll this being my second visit to Liverpool. About 32 years ago have elapsed since my first visit. I found many changes and as the city is almost in total darkness at night I could not find my way about. The gray city as I remembered it is now a dark dismal place with poverty and suffering on all sides. There are no young men left, old men, cripples from the war and boys make up the male population of the city. Women and girls are performing all sorts of manual labor and all the picture of sadness and despair. I returned to the ship with a deep feeling of sorrow

ALUMNI HAD FINE BANQUET

Re-Organize With J. F. Prestwood President, and Plan For Scholarship Fund.

Old grads and new, comprising the alumni of the Sonoma Valley Union High School, had a grand reunion banquet last Saturday night at Union Hall where over 90 sat down to the handsomely decorated tables set for trustees, faculty and classes from 1894 to 1919. These numerals in gold and white flowers were festooned above the stage and told the story of the High School's activities since the first class graduated up to the present time. The tables set in Y shape arrangement, were decorated in Shasta daisies and cormorants and in the white and gold color also.

The graduates began to arrive shortly after the arrival of the evening train, many coming a distance especially for the affair both by motor and by railway. It was a representative and fine crowd the young women and the young men a credit in every respect to their Alma Mater for many of the graduates are prominent in professional and business life of this and near by communities and have achieved signal success in law, education, medicine, banking, agriculture and other lines which they have followed since their graduation from Sonoma High.

After many hearty greetings and exchange of experiences since "dear old school days" the company was seated at the banquet tables where the following fine menu prepared by Mrs. Steiner and served by a bevy of fair under graduates was enjoyed.

The Sonoma High School Song.....
by The Alumni

After wit, repartee, song and dancing to Perkins orchestra, business was inaugurated and the following committee on reorganization elected, Chairman, J. F. Prestwood; First vice, E. Clements; Second vice, Mrs. Walter Murphy; Third vice, Lester Small; Secretary-Treasurer, Otto Dresel.

The Sonoma High School scholarship fund which will enable deserving students to attend college, was started and enthusiastically endorsed.

The scholarship fund trustees were designated as follows: Prof. Golton, Trustee Walter Bundschu, W. Clewe, E. Clements, Miss Gabrielle Heggie, O. Dresel and Mrs. Hartley Gottenberg.

The building of a new High School was advocated by many of the speakers at the banquet who were roundly applauded whenever the subject was touched upon.

The Boys Glee Club sang a parody entitled "Keep The School Fires Burning" which was a direct hit at the method now in vogue of heating the High School building with eight or nine stoves in the absence of a modern furnace, such as is provided at the Grammar school.

The following were present, the trustees and faculty being seated at the head tables and the recent graduates and latter year classes being nearest the stage, and the older classes being grouped together the length of the banquet hall.

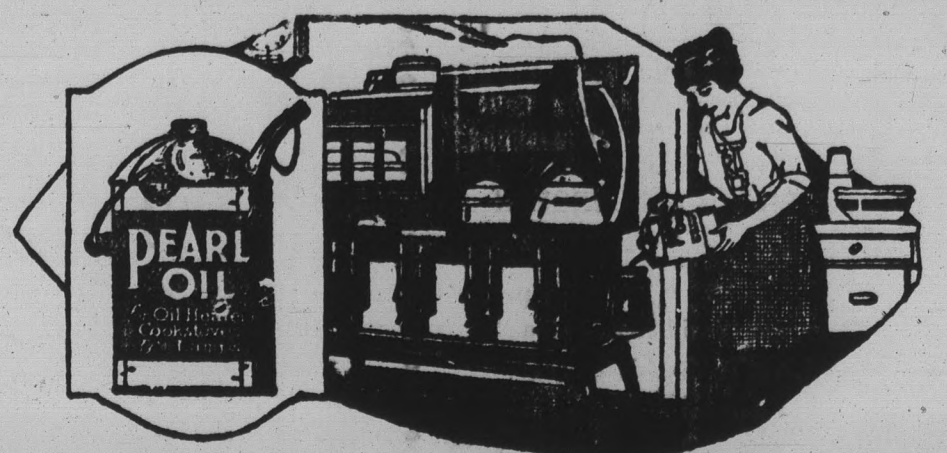

Mr. and Mrs. E. C. Campbell, Mr. and Mrs. C. F. Cutter, J. F. Prestwood, Mr. and Mrs. W. E. Clewe, Mrs. W. L. Murphy, Dr. and Mrs. H. W. KEROSENE MEANS LESS WORK FOR THE HOUSEWIFE

No woman likes to be a household drudge. She wants time for ever so many other things than cooking and cleaning. By using kerosene instead of coal or wood much of the old-time work and dirt is eliminated.

A clean, pure kerosene like the Standard Oil Company's Pearl Oil, assures the housewife a cool, clean kitchen the year round. All the drudgery of handling the heavy coal and ashes is done away with and there is no dust nor dirt nor odor. Unlike coal or wood, kerosene lights at the touch of a match, so that there is no waiting for the fire to come up.

Pearl Oil is economical and can be readily procured everywhere. It is always the same high quality whether it is bought in 5 gallon cans or in bulk, although there is a saving by buying in bulk. It is easy to handle and gives all the convenience of gas. Being refined and re-refined by a special process the impurities have been removed and it burns up clean without smoke or odor.

INFLUENZA IN CLOVERDALE

CLOVERDALE, June 20. Influenza is prevalent in Cloverdale and during the past week forty cases have been reported to the Board of Health and one death has occurred, that of Miss Eleanor Thompson, daughter of Mr. and Mrs. Frank Thompson. She died Wednesday morning.

Dr. W. C. Shipley states that while the epidemic is diminishing, it appears not yet to have run its course and other cases may be expected.

Every precaution has been taken and houses where the patients are ill have been placed in quarantine.

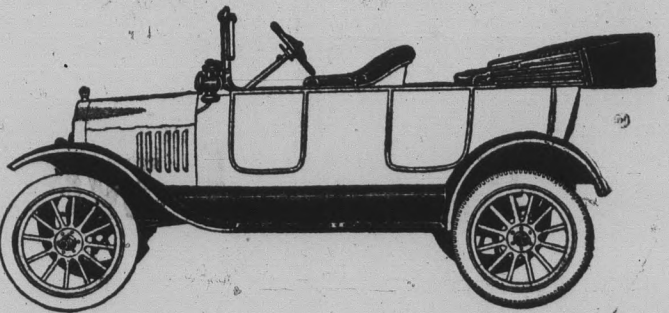

The Board of Health took prompt action by putting a ban on all public gatherings. The commencement exercises of the High and Grammar schools have been cancelled and no services are held in the churches.

FINANCIAL NEWS.

County Treasurer James W. Ramage made a very eloquent oration Monday afternoon to the board of supervisors and his address was endorsed to the echo. He stated that the estate of the late C. Bosse, Sonoma capitalist, has paid through Attorney John S. Partridge for Executor George H. Mastick an inheritance tax of more than \$16,000 on an appraised valuation of \$250,000. There may be an additional payment. This fine financial news was enthusiastically received by the supervisors.

A letter from our old friend and subscriber, Capt. H. E. Boyes, after whom the famous Boyes Springs resort is named, informs us that he is still residing at Vancouver B. C. but will welcome the day when he fulfills his expectations of returning to sunny California. The captain expresses the hope that the nation will not go "bone dry" and that Sonoma Valley's world famous vineyards and wines will not be among those consigned through the injustice of national prohibition.

FATHER MORAN CRITICALLY ILL

The Rev. Father Moran, priest of St. Francis' Catholic church at Sonoma, is critically ill at Mary's Help hospital in the metropolis, where he was taken about three weeks ago for medical attention. Father Moran had just recovered from an attack of illness which necessitated his becoming a patient at the Sisters' hospital in Sacramento, when he was taken down again. The priest had resumed his duties, but had not been able to get in the harness actively again, when the second illness overtook him.

Father Moran is suffering from pernicious anemia, and his condition is regarded as extremely critical. He is conscious and suffers greatly. Medical men have exhausted their skill in the endeavor to bring back the strength which the once vigorous body knew, but failure has met their efforts at every turn. At the meeting of Santa Rosa lodge of Elks on Wednesday evening, a special letter of appreciation was ordered sent to the bedside of the sick man expressing the appreciation of the order and the solicitude of the membership in his sickness. When members of the lodge had called recently at the bedside of the priest, the sick man made a special inquiry regarding his brothers in the antlered herd. The news of his illness will cause much regret among all those who know him.

SANTA ROSA SALOONS GIVEN CHANCE TO CONTINUE

What may happen to the saloons in Santa Rosa after July 1st was made more definite by informal action taken by the city council in a special session Wednesday afternoon at 5 o'clock.

It was agreed to wait until Monday for definite news as to war-time prohibition, and then, if no federal action has been taken, to issue receipts for the quarterly saloon licenses, but not the licenses themselves.

In this manner, if it is found impossible to issue the licenses, the money can be refunded, and if war-time prohibition is rescinded the licenses will have been paid for and can be issued.

This action protects the saloonmen and assures them of not being closed for lack of license if it is legal for them to run under federal laws.

MAY HONOR SOLDIERS SEPTEMBER NINTH

By the Ninth, all boys are expected to be home and Sonoma Valley's official acknowledgement of the service of our young men in the war should be unsurpassed by any community of its size in all California.
